Class/Section: BS-SE-5A   Time allowed: 1.5 Hour
Course Instructor: **Mr. Wilayat shah**   Max Marks: 20
Date : 09-12-2024

ADD ALL THE SCREENSHOTS TO A WORD FILE.
SCREENSHOT SHOULD BE IN PROPER ORDER AND VISIBLE.
AND SUBMIT BOTH PACKET TRACER AND WORD FILE.

Question 1: (12 MARKS)

Configure the following topology using dynamic routing (RIP using commands).

Attach screenshots of each interface configuration (configured through CLI).

Label assigned IPs of each interface and client.

Question 2: (8 marks)

Create a local area network using a hub 5pc and a server

Label the IPs of each node and the network IP.

All the nodes should communicate with each other after configuration (you can use GUI for this question)

Best of Luck
